English Unit  
Samanalathenna Maha Vidyalaya

a) What is this notice about?

b) Who organizes it?

c) Where is it held?

d) When is it held?

e) Who should participate in it?

(2x5=10 marks)

### 7. Read the text and answer the questions.

#### The Amazing Woodpecker

The woodpecker is an interesting and amazing bird. It has a strong, pointed beak that acts as a hammer to remove bark from trees and find insects to eat. It has a very long tongue, up to four inches long, that is sticky on the tip for catching insects.

Most birds have one toe pointing back and three pointing forward on each foot. Woodpeckers are a little bit different. They have two sharp claws pointing back and two sharp claws pointing forward on each foot to help them hold on to the sides of trees.

The life span of a woodpecker is 4-11 years. Their favourite foods are insects, fruit, acorns and nuts. These awesome birds live in forests and wooded areas with lots of trees. Woodpeckers can be found all over the world, except in Australia.

a) For what purpose does the woodpecker use its beak?

b) Why is the woodpecker's tongue sticky on the tip?

c) What does the woodpecker eat?

d) Say true (✓) or false (✗).

I. Woodpecker's tongue is very long. (.....)

II. A woodpecker has sharp claws on each foot. (.....)

III. Claws help the woodpecker to catch insects. (.....)

IV. Woodpeckers cannot be found in Australia. (.....)

e) Find opposite words from the paragraph to

a. Short : .....

b. Similar : .....

c. Backward : .....

(1x10=10 marks)
